Lithicsoft Public License (LSPL) Version 1.0

Preamble:

The Lithicsoft Public License (LSPL) is a free, open-source license designed to promote the development and sharing of software created by Lithicsoft Organization, Lithicsoft Develop, and Lithicsoft Research. This license ensures that any derivative work is also open source and freely available to the community.

Terms and Conditions:

1. Grant of License:

   o Lithicsoft Organization, Lithicsoft Develop, and Lithicsoft Research hereby grant you a worldwide, royalty-free, non-exclusive license to use, modify, and distribute the software and its source code, subject to the conditions laid out in this license.

2. Distribution Requirements:

   o Any modifications, enhancements, or derivative works must be released under the same license terms as this LSPL.

   o Redistributions must include the original copyright notice, this LSPL, and a prominent notice stating any changes made to the software.

3. Attribution:

   o Redistributions must attribute the original authors and Lithicsoft Organization, Lithicsoft Develop, and Lithicsoft Research.

4. No Warranty:

   o The software is provided "as is" without any warranty, express or implied. Lithicsoft Organization, Lithicsoft Develop, and Lithicsoft Research are not liable for any damages arising from the use of this software.

5. Enhanced Provisions:

   o Any entity or individual modifying the software to create a proprietary software product must obtain explicit written permission from Lithicsoft Organization, Lithicsoft Develop, and Lithicsoft Research.

- In the event of a legal dispute related to this software, jurisdiction shall be determined by the laws of the country of origin, with a preference for resolving disputes through arbitration.

Termination:

This license will terminate automatically if you fail to comply with its terms. Upon termination, you must cease using, modifying, and distributing the software.

Acknowledgments:

Lithicsoft Organization, Lithicsoft Develop, and Lithicsoft Research would appreciate acknowledgment of the use of this software in your projects or products.
